

Job Description

Role: Regional Account Manager

Team: Supplier Sales

Shire Leasing – Regional Account Manager (Supplier Sales)

Employer description:

Headquartered in Tamworth, Midlands, Shire Leasing is one of the largest privately owned UK funding houses specialising in business finance, predominantly for equipment and asset leasing. Our vision is to provide a market-leading service through innovation and expertise, delivering flexible funding solutions for British businesses. Despite competing against banks, we are an Asset Finance UK Top 50 company. Our independence allows us to innovate, adapt and add value, resulting in Shire Leasing being one of the top 10 UK Asset Finance companies showing the most consistent growth rates, with an Own Book now exceeding £200m.

Since 1990, Shire has helped more than 66,000 businesses by arranging funding for a diverse range of assets such as large machinery, security systems, coffee machines, IT equipment, vehicles and even cows. We also form relationships with equipment suppliers, manufacturers and vendors across the full spectrum of business assets, enabling UK SMEs to invest in equipment by accessing an affordable finance option at point of sale.

We're proud to provide our customers and suppliers with an award-winning service, with previous wins including 'Top Independent Lessor of the Year' and a 'Digital Direct 2 Customer Development' award won for Click2Finance (our B2B e-commerce leasing payment solution), testament of our drive to innovate, delivered by our experienced in-house development team.

People, Planet, Profit is Shire Leasing's business sustainability strategy, which focuses on adding value and creating positive social, environmental and economic outcomes whilst achieving our company vision. Our initiatives are fresh and wide-ranging, from our 'Driving Clean Air' programme where we work with City Councils to support UK SMEs invest in Clean Air Zone compliant vehicles, signing a voluntary 'Charter for Employers who are Positive about Mental Health', through to our 'Tree for a Lease' initiative which has already supported over 20,500 trees being planted in Madagascar in aid of reforestation.

As an employer, we foster a supportive and harmonious work environment where training and growth is encouraged, empowering employees to progress through qualifications and the career ladder. Although large, communication remains key at all levels and we offer our employees a voice and opportunities to contribute ideas through various platforms including an Employee Forum, Wellbeing Committee and more.
